THE LORAX

'Unless someone like you cares a whole awful lot, nothing is going to change, it's not'

The story of greed, over consumption and a young boy who can change it all. This Dr. Seuss story shows us a future without trees and clean air and how the town of Thneedville was created. This show is full of catchy songs, fun characters and a happy ending. Join P.L.A.Y. as we tell this important story.

GAME DESIGN

PROVIDED BY UME ACADEMY

JUNIOR GAME DESIGN GRADES 1 – 2

Designed for young learners, this session begins with students working in teams to create board games, design game art, sculpt their own player pieces and devise game rules. Students then use a laptop, mouse to use Unity3D software to create their own video games! Students will learn creative problem solving, design thinking and digital literacy through art, collaboration and video games!

GAME DESIGN GRADES 3 – 5

Create your own video game! In partnership with UME Academy, students make their own video games with Unity3D, the game engine used to make top games like Pokémon Go. We will have fun learning fundamentals of game design, and bringing unique game ideas to life. Students will customize their creations through art, sound and coding. Learning + Play = Fun! Students will showcase their creations to family and friends at a demo day. All hardware, software, and USB sticks are provided.
